**Beginning with the PBE year 2016-17, the NAD PBE committee voted that a Conference may invite the teams receiving first place AND also second place awards at the Area Level Testing to advance and participate in the Conference Level PBE Testing. This isn't required but Texico has decided to do this. Conferences may only take this action for teams advancing between Area and Conference Levels. You must still earn a first place award to advance to Union or Division levels. We hope this encourages more of you to participate in the PBE program.**
